THIS IS UNEVALUATED INFORMATION

1. The following table, [redacted] dated 15 October 1952, shows the amount of various types of fuels scheduled to be stored up to 15 October 1952 and actually stored in 1952 as of 1 October 1952. The fuels were stored in various reserve depots belonging to Ministries and in special installations. The plan was first issued 27 May 1952. The approval of the Administration for Material Procurement must be obtained in order to withdraw fuels. The first column shows the plan figure for storage and the second column shows the amount actually stored as of 1 October 1952. All figures are in metric tons.
